Dear Father Malinowski:

We wish to thank you for your kind remarks. We read your radio broadcast with deep interest and were very pleased to see that you have been able to make use of THE POLISH REVIEW. You are doing very good work indeed in bringing Poland across to your radio audience.

We are at a loss to understand why you did not receive our reply to your last letter. We wrote you at that time, telling you that you were perfectly right in your remark about the Polish flag. It was upside down. Apparently the Canadians who hoisted it were not certain of the sequence in the Polish national colors.

Thanking you again, and wishing that you have a pleasant Christmas holiday, I remain

Sincerely yours,
