Dear Padre

January 26, 2025

At Mass, I see people on their cell phones, and I'm really distracted and irritated. Isn't this wrong?

Would it help if you thought of good reasons for someone to use a cell phone at Mass? Cell phones are the new pagers. People whose work requires them to be on call, those who care for an elder, or parents of teenagers, for example, may need to check their phones. Many people use their phones to follow along with the readings on the United States Conference of Catholic Bishops' website—usccb.org. It's easier for some to enlarge and read the print on a phone instead of following along in a missal. And, while this is relatively new, many hearing aids can be controlled by cell phone apps, so a person might use his or her phone to make adjustments to hear better. Perhaps if you imagine one of these reasons, your irritation will lessen, and you won't be so distracted.

Now, a word to those who are using a cell phone at Mass. If you are scrolling, checking your email or social media, think about giving yourself one hour when you will turn off your phone and put it aside. This is very difficult for some, and not just for young people. Checking one's phone is habitual—some might say addictive. Surely you deserve an hour when you are not tethered to your phone. A cell phone is a marvelous tool. Just make sure that it is the tool, and you are the master—not the other way around. ●

As members of the parish community, we are encouraged to contribute to the *Appeal* by meeting our designated fundraising goal. Please consider making a gift today to support the Church's mission and assist us in achieving our goal by Pentecost. When donating at cardinalsappeal.org/donate, please remember to specify our parish name.
